KAHANAMOKU MAY GAIN PLACE ON RELAY SWIMMING TEAM

C. N. Daniels of the New York Athletic Club, America's greatest all-around swimmer, will not compete at the Olympic games next July.

He finds himself unable to go abroad this summer, and asks that his name be scratched from the list of possible candidates.

The absence of Daniels is likely to deal a deathblow to America's chances of winning the relay race, and will be a disappointment to followers of aquatic sports who have counted on him to be the quartet's mainstay. The speedy four from Australia may now be counted on to defeat the American team, and there is danger, too, that Germany, and possibly England, may lead it home.

Perry McGilvray, James Reilly, Richard Fitzell, Kenneth Huzzagh, Duke Kahnamoku, Nicholas Nerich, Harry Hehner and Eben Cross are now the likeliest men for positions on the team, and with the exception of McGilvray, who is credited with having done 220 yards in an 80-foot pool in two minutes twenty-eight and three-fifths seconds, not one of them has ever beaten 2:32 for the distance. Taking the four fastest times, one reaches a total for 880 yards of 10:05 4-5, which represents about 19 minutes 30 seconds for 800 metres, the Olympic distance, considering the difference made by the greater number of turns permitted by short pools, as against those allowed by the 100-metre course, which will obtain at Stockholm. In comparing this with foreign performances one finds that in the 220-yard championship of New South Wales last winter Longworth won in 2:27 2-5, with the advantage of only one turn; Healy was second in 2:29 4-5, Hardwick third in 2:33, and Boardman fourth in 2:36. Added up, these times show 10:05 1-5, or close to 10:02 for 800 metres, under Olympic conditions.

In Germany Bretting has a 200-metre record of 2:24 2-5, Steffens and Ritter have done 2:32 and Binner 2:33, this in 75-foot baths. Calculating the turns, one obtains for the Teutons 10:29 2-5.

Evidently, then, on recent marks, the Australians are over twenty-four seconds better than the Americans, and the Germans about one second faster.

The one ray of hope is the fact that Kahanamoku has been improving rapidly under the able coaching of George Kistler, of Pennsylvania. If he can learn to hold anything like his magnificent 100-yard speed over the longer journey, he may prove a second Daniels. He has the stroke, strength and stamina to succeed at any distance.

Chinese Nine Defeats Wesleyan University After Close Contest

BOULDER, Col., April 17.—We are here today to play with the University of Colorado. It is about 25 miles from Denver.

We left Salt Lake City on the 15th at 8:31 a. m. and reached Provo at 11 a. m. We played at 3:30 p. m. and won the game, 10 to 5. We caught the train at 6:20 with our uniforms on and started for Denver. We had no time to change clothes.

We were fourteen hours on the train and reached Denver at 9 p. m. on the 16th. We stopped at the Oxford Hotel and left on the 17th for Boulder but will return to Denver to fight to catch the 6:15 train for Lincoln, Nebraska. From there we go to Chicago.

The boys are in good health and batting a great deal better than in Honolulu. Our last game encouraged us and I believe that we are going to make good in the East.

So far our record is as follows:

The Nine's Record.
Lost to University of California, 4 to 3.
Lost to Chico, 10 to 4.
Beat Brooke's Realities, 3 to 1.
Tied with Lincoln, 3 to 3. Game called in fifth inning on account of rain.

Lost to University of Utah, 10 to 5. Game called in sixth inning on account of rain.

Beat Provo, 10 to 5.

DENVER, Col., April 18.—We lost to the University of Colorado, 9 to 7. It was a very wet day. It's no

use talking we can't play in duck weather.

We leave tonight for Lincoln, Neb., and thence to Chicago.

Win from Wesleyan.

PACIFIC JUNCTION, Ia., April 18.—We arrived here at 10:12 from Lincoln and played the Wesleyan University this afternoon. We defeated them 4 to 3.

We leave for Chicago tonight and will stay there ten days and will play four games.

We have been on trains the last three nights which is going some. It is a very hard job this baseball traveling.

Bum Management.

CHICAGO, April 19.—We arrived here at 2:25 p. m. on a first-class Pullman car from Lincoln, Neb.

We are all well and will probably play our first game here on Wednesday. Chicago is a very large and fast city. It has elevated trains and very rapid street cars. The buildings here are very dirty owing to the smoke from the trains, etc.

I am very sorry to state that we have bum managers, both business and team. They are as slow as the Second Coming and that's no pipe dream.

We are ensconced on the ninth floor of the Hotel Planters. It is the highest we have slept so far.

The streets of this city are so crowded that we have to bump each other while walking, but I don't it as sometimes you bump into a pretty girl. Aloha

THE THEATERS

Bijou Has a Very Good Program.
Walking, two-stepping and quadrilling on roller skates, the Waldstein Trio last night furnished a real novel act at the Bijou.

The Trio consisting of two fancy skaters and a clown, went through all sorts of stunts on the rollers both difficult and unique: one member of the Trio danced the famous Texas Tommy assisted by the clown, while the other member did a buck and wing dance on the skates even better than many a buck and wing turn seen here. The clown member had the house laughing at his pranks in imitating a young girl who was just learning to skate. The act is good from beginning to end and should draw exceedingly well.

Another act that went very well was Bayle and Patsy, the refined singing and dancing team. Their songs are good and catchy and their dancing clever. They rendered the "Mysterious Rag" again last night by special request and had to respond to an encore. There is a swing to their act that makes it a very popular one.

Frances Dainty again demonstrated that she is a real artist in her line. Her act is the best in its line seen here.

"Effie" Again Mystifies.
"Effie" demonstrated her wonderful telepathic powers to the satisfaction of two large audiences at the Empire last night. Besides reading thoughts and answering questions, she gave the names of persons in the audience who requested it as well as names of relatives away, the length of time they've been away and whether or not they are contemplating returning. Her act is a very remarkable one and furnishes much food for thought. "How does she do it?" was the leading question around the Empire last night.

The other part of the program was devoted to moving pictures and many interesting subjects were thrown on the screen.

DID THE UMP SHOW BIAS?

Honolulu, April 29, 1912.
Sporting Editor Star: Kindly permit me space in your columns to state our side of the case in regard to the game on Sunday between the C. Y. A's and Kauluwela's, as it appeared in the papers that we forfeited the game to the C. Y. A.

The facts are that the official umpire of the Chinese Triangular League failed to put in an appearance and the C. Y. A. requested us to use one of their men to fill the place. As we knew at the time that the umpire will be more or less liable to favor his club, it was arranged between myself and the captain of the other team to change him as soon as he showed himself unable to fill the job.

At the end of the fourth inning his decisions were clearly unfair and to protect our interests I asked that he be substituted by a new man. He refused to quit and we refused to play further.

These are the facts of the trouble, which is the second one when the official umpire did not show up and a new man selected.

Thanking you for space, I am yours very truly,

ALEX YEE YONG,
Captain, Kauluwela A. C.

WHY COLDS ARE DANGEROUS.

Do you know that of all the minor ailments colds are by far the most dangerous? It is not the cold itself that you need to fear, but the serious diseases that it often leads to. Most of these are known as germ diseases. Pneumonia and consumption are among them. Why not take Chamberlain's Cough Remedy and cure your cold while you can? For sale by all dealers.
